

EXISTING BUILDINGS OBJECTIVES

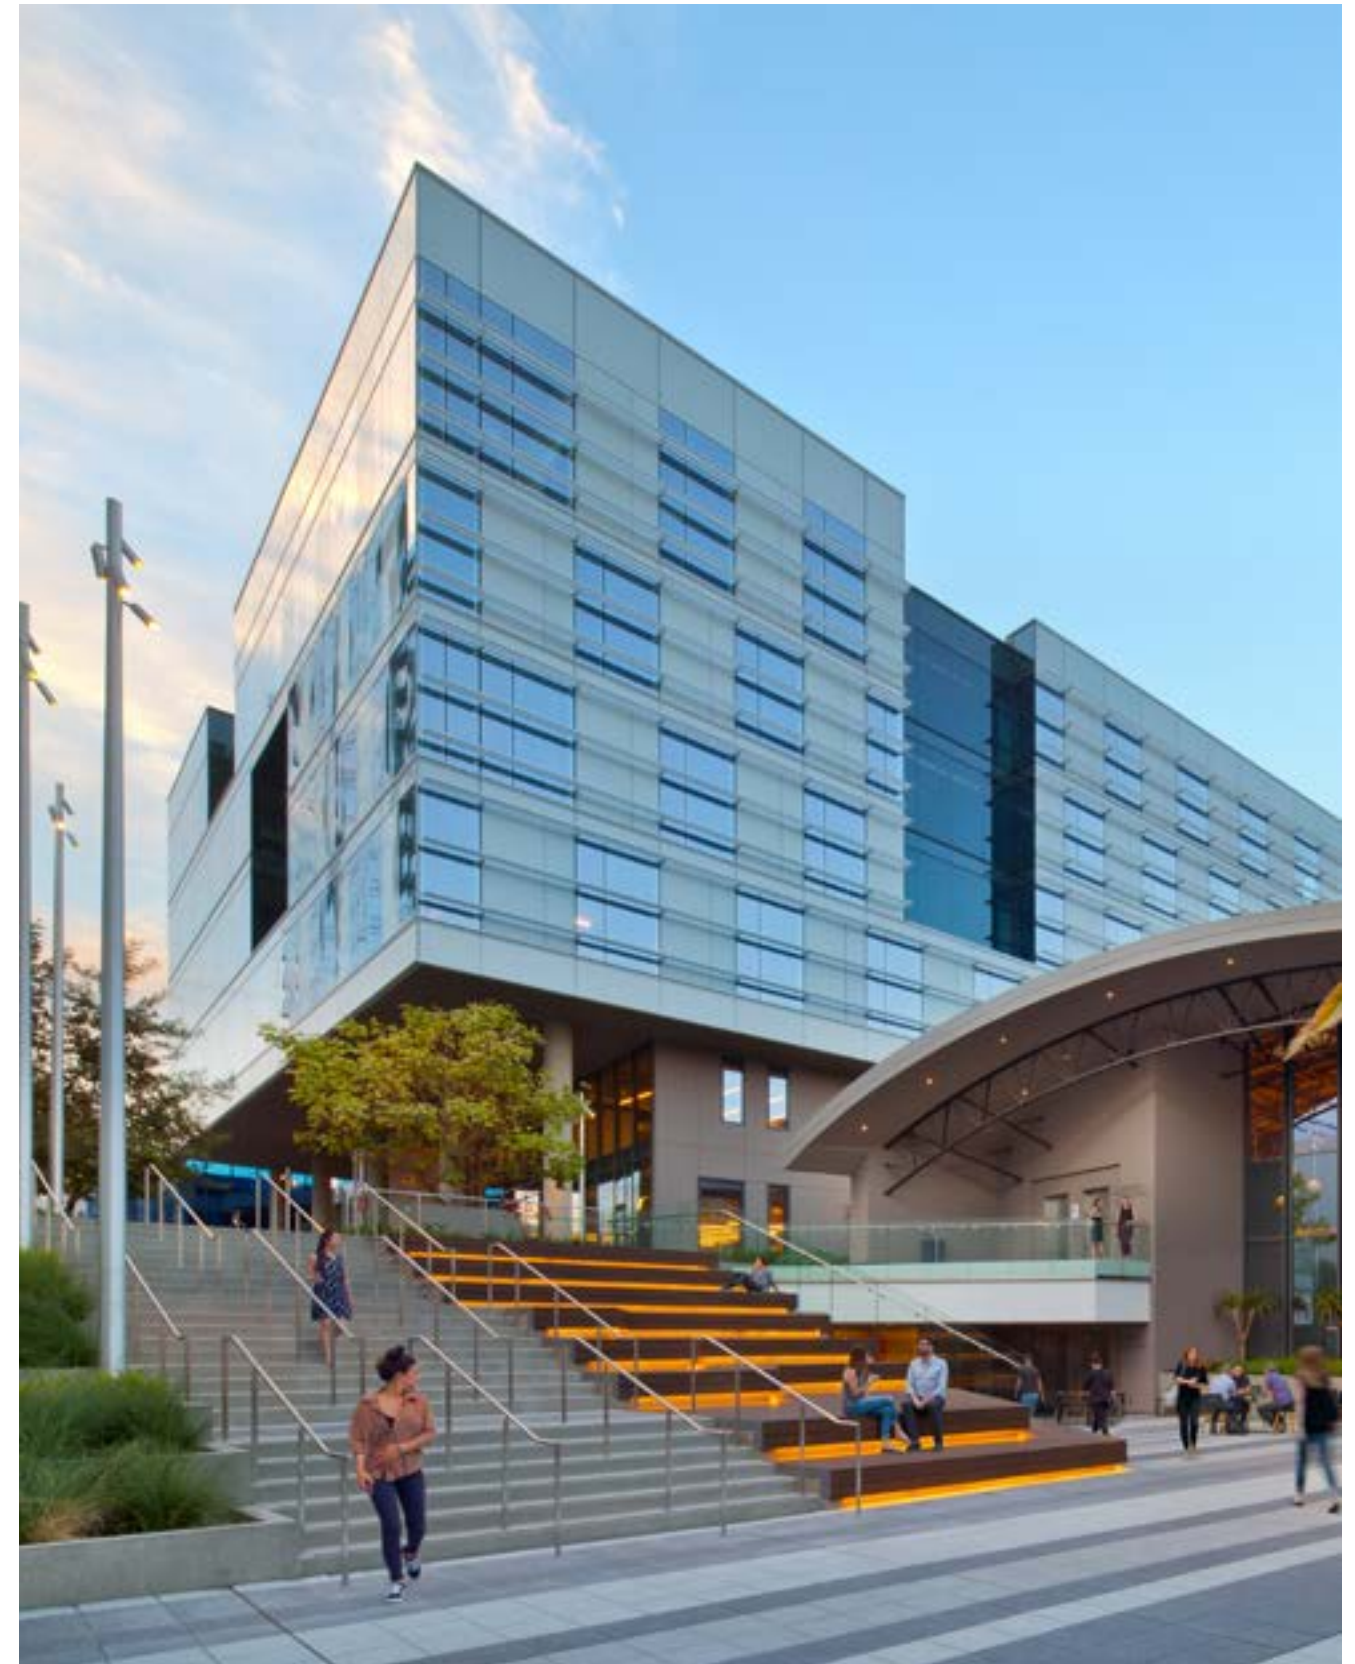

For the third time, we have aligned our objectives with the UN Sustainable Development Goals (SDGs) and will continue to use the SDGs to help refine our objectives in the coming years.

| UN SUSTAINABLE DEVELOPMENT GOAL | OBJECTIVES | PROGRESS | |
|--|--|---|----------|
|  <p>13 CLIMATE ACTION</p> | Achieve a 100% reduction in Scope 1 and Scope 2 GHG emissions from a 2017 base year by year end 2020, exceeding our carbon reduction goals previously validated by Science-Based Targets | On track. In 2018 we put in place all contracts required to achieve this goal. | ON TRACK |
|  <p>7 AFFORDABLE AND CLEAN ENERGY</p> | Achieve a 10.3% reduction from 2015 energy levels by 2020 | On track. We achieved a 2.02% reduction in 2018. | ON TRACK |
|  <p>6 CLEAN WATER AND SANITATION</p> | Reduce water use 10% from 2015 levels by 2020 | Our like-for-like water consumption increased by 5.4% in 2018. | DELAYED |
|  <p>9 INDUSTRY, INNOVATION AND INFRASTRUCTURE</p> | Implement Green Leasing | Complete. | COMPLETE |
|  <p>9 INDUSTRY, INNOVATION AND INFRASTRUCTURE</p> | Achieve ENERGY STAR certification for 75% of eligible existing buildings | Complete. We have achieved ENERGY STAR certification for 77% of eligible buildings. | COMPLETE |

| UN SUSTAINABLE DEVELOPMENT GOAL | OBJECTIVES | PROGRESS | |
|--|--|--|----------|
|  <p>9 INDUSTRY, INNOVATION AND INFRASTRUCTURE</p> | Perform energy audits or retrocommissioning every 5 years on all existing buildings | On track. We pursued audits/ retrocommissioning 1.4 million square feet of space in 2018. | ON TRACK |
|  <p>12 RESPONSIBLE CONSUMPTION AND PRODUCTION</p> | Achieve a total annual diversion rate of at least 75% in the existing portfolio by 2020 | On track. We achieved a total diversion rate of 44.5% in 2018, a 1.5% increase from 2017 levels. | ON TRACK |
|  <p>9 INDUSTRY, INNOVATION AND INFRASTRUCTURE</p> | Engage tenants to reduce their environmental impact through regular communication and action-oriented programs | On track. More information on page 74. | ON TRACK |

DEVELOPMENT OBJECTIVES

| UN SUSTAINABLE DEVELOPMENT GOAL | OBJECTIVES | PROGRESS | |
|--|---|---|----------|
| <p>11 SUSTAINABLE CITIES AND COMMUNITIES</p>  | All ground-up construction will pursue LEED Gold certification or better, and all major renovations will pursue LEED Silver certification or better | On track. The Exchange on 16th earned LEED Platinum certification. More information on page 60. | ON TRACK |
| <p>12 RESPONSIBLE CONSUMPTION AND PRODUCTION</p>  | Total materials used in development projects will achieve at least 20% recycled content and 20% regional sourcing | On track. All 2018 development projects achieved this goal. | ON TRACK |
| <p>12 RESPONSIBLE CONSUMPTION AND PRODUCTION</p>  | Development projects will achieve at least 75% diversion of construction waste from landfill | On track. All 2018 projects achieved this target. | ON TRACK |
| <p>15 LIFE ON LAND</p>  | All new landscape projects will include at least two pollinator-friendly plants in the landscape design | On track. More information on page 68. | ON TRACK |
